Honorable Commissioner for Patents,  
P.O. Box 1450,  
Alexandria, VA 22313-1450

Sir:

In response to the Office Action mailed 11/12/2003, kindly amend the above application as follows.

1. The applicants are acknowledged that the claims 33 to 82 have been entered in this application.
2. The examiner rejected claims 33-82 under 35USC102(f) because the applicants' papers filed with an improper Request for Continued Examination (a C.P.A. which was treated as an R.C.E. by the Office in that request for Continued Prosecution would be inappropriate based on the filing data of the instant application) list a different inventive entity, namely Inventor Wang, so that these papers were not entered while neither a C.P.A. nor R.C.E. could be established. In order to overcome the above rejection reason, the applicants respectfully submit a Declaration to declare the applicants, Jar-Chen Wang and Hong-Jiun Gu, are the true inventors of the instant invention.
3. The applicants also submit a petition for correction of inventorship as a request to correct the inventorship that sets forth the desired inventorship change.

4. This amount is believed to be correct; however, the Commissioner is hereby authorized to charge any deficiency or credit any overpayment to Deposit Account No. 1102111.

5. In view of the above, it is submitted that the claims are in condition for allowance. Reconsideration and withdrawal of the objection are requested. Allowance of claims 33 to 82 at an early date is solicited.

6. Should the Examiner believe that anything further is needed in order to place the application in condition for allowance, he is requested to contact the undersigned at the telephone number listed below.

Respectfully submitted,
